

DATA & MAILING

YOUR COMPLETE MAILING SOLUTION

About Us

CASS Data & Mailing is a national mailer certified by the United States Postal Service®. Founded in 1984, we are committed to preparation of mail for automated processing to the right people - efficiently, expeditiously and at the right price.

Over ten years ago CASS Data & Mailing created a change in the state of Florida. This change eliminated confusion and simplified Vehicle Tag Renewal. Now, CASS Data & Mailing is creating new changes in other industries.

CASS Data & Mailing is unsurpassed as an automated mail producer. Custom and USPS approved commercial software ensures all USPS addressing standards are met or exceeded in order to qualify your mail for the lowest possible postage. State-of-the-art laser printers and modern mail processing equipment are used to ensure accurate statements with the professional appearance expected by your customers. A well-trained staff, dedicated to the highest level of quality control, ensures your documents are mailed right and on time, every time.

CASS Data & Mailing welcomes this opportunity to provide you with information on all your print & mail requirements.
