

**Florida Public Service Commission
Statistics of the Florida Electric Utility Industry
Data Request for the 2021 Calendar Year**

Please read the attached instruction sheet before completing this data request.

I. Identification

Name of Utility _____
Address _____

Contact Person:

Name and Title: _____
Telephone number _____
Email Address _____

II. Customer Information

1. Number of residential customers _____
2. Number of commercial customers _____
3. Number of industrial customers _____
4. Number of other customers _____
5. Total number of customers served _____
(Enter total of lines 1-4)

III. Sales Information (kilowatt-hours)

1. Sales to residential customers _____
2. Sales to commercial customers _____
3. Sales to industrial customers _____
4. Sales to other customers _____
5. Gross retail electric sales _____
(Enter total of lines 1-4)
6. Sales for resale _____
7. Total electric energy sales _____
(Enter total of lines 5 and 6)

IV. Revenue Information (\$000 in Thousands of dollars)

1. Sales to residential customers _____
2. Sales to commercial customers _____
3. Sales to industrial customers _____
4. Sales to other customers _____
5. Gross retail electric sales _____
(Enter total of lines 1-4)
6. Sales for resale _____
7. Total electric energy sales _____
(Enter total of lines 5 and 6)

V. Net Energy for Load (megawatt-hours)

VI. Annual Peak Load (megawatts)

2017	2018	2019	2020	2021

VII. Solar Generation

1. Does the utility own solar photovoltaic generation? Yes_____ No_____

If yes, please provide the following information for all solar plants in operation:
name, location, date put into service, capacity (MWac), and energy (kWh) produced in
2020.

2. Has the utility entered into any wholesale contracts to purchase solar energy in 2021?
Yes_____ No_____

If yes, please provide the following information regarding each of your wholesale solar
energy purchases:

- Name and location of plant(s) from which energy was purchased;

- Name of owner(s) of each plant(s) from which energy was purchased;

- Date each agreement was entered into, and date each agreement expires;

- Maximum capacity (megawatts) of each plant(s); and

- Energy (kilowatt-hours) purchased in 2021.
