

## FECA's Florida Legislative Report

### April 14, 2023

Week 6 of the 2023 Legislative Session wrapped up on Thursday, leaving only three more weeks to go. The House Ways & Means Committee rolled out this year's tax package (HB 7063) and the Senate is expected to release their version next week prior to the start of budget conference negotiations. The House package totals \$1.38 billion and includes the Governor's call for two 14-day back-to-school tax "holidays" that would be held before the fall and spring terms. It also includes a 14-day tax holiday on disaster preparedness supplies prior to the hurricane season, an exemption during September on certain tools and equipment, a one-year exemption on certain Energy Star appliances, reduces the commercial lease tax from 5.5% to 4.5%, and provides for a two-year delay of the imposition of natural gas fuel taxes that were scheduled to go into effect on January 1, 2024. See the staff analysis for the House proposal here [loaddoc.aspx \(myfloridahouse.gov\)](https://myfloridahouse.gov/loaddoc.aspx).

The Senate plan will likely adopt most parts of the House proposal as it relates to sales tax holidays and speeding up a reduction in the commercial-lease tax. The Senate is contemplating including several measures not found in the House package, such as reimbursing local governments that saw property tax revenues reduced by Hurricane Ian. Also, the Senate could propose funding for the cleanup of Brownfield sites and tax breaks on aviation fuel, broadband equipment and firearms-safety boxes.

While committees are authorized to hold regular meetings through April 25, the House has concluded subcommittee meetings and has only scheduled full committees to meet while the Senate will wrap up appropriation subcommittee meetings next week. The final two weeks (week 8 & 9) will primarily be relegated to floor time in both chambers.

Thursday evening, CS/HB 1221 by Rep. Josie Tomkow passed the House unanimously and was sent to the Senate. The Senate Rules Committee approved CS/SB 626 by Senator Nick DiCeglie on Tuesday, April 11 and it is now ready for the floor. Both bills are identical and place the broadband language in the communications service's statute (Chapter 364), with only a reference to our enabling act (Chapter 425). The bill would put electric cooperatives that elect to provide broadband services under the jurisdiction of the PSC for pole attachment rates, terms, and conditions. Neither bill made the special order calendar in the Senate next week so we are hopeful they will take it up in week 8.

Below are bills of interest filed thus far. Moving forward each week, the report will prioritize in the following manner: priority, monitor, and tracking. Any new activities will be highlighted in **RED**. If you would like more detailed information or an explanation of any legislation or why it is located in a specific area, please do not hesitate to reach out to Drew or Mike.

### **PRIORITY**

#### **Rural Electric Cooperatives / Broadband Internet Service Providers**

(CS/SB 626 / CS/HB 1221)

**Sponsors:** Sen. DiCeglie / Rep. Tomkow

**Summary:**

The bill as amended moves language relating to the regulation of broadband co-ops by the PSC from Chapter 425 to Chapter 364. It retains the authorization for co-ops to engage in the provision of broadband in Chapter 425.

**Committee Assignments:**

SB 626: Ready for the floor

HB 1221: Sent to Senate (In messages)

**ACTION RECOMMENDED: SUPPORT CS/SB 626 and CS/HB 1221 IN CURRENT FORM**

**ACTION ITEM: SENATE RULES – PASSED 4/11**

**ACTION ITEM: HOUSE – PASSED 4/13**

**MONITOR**

**Trees and Other Vegetation within Rights-of-way**

(CS/SB 108 / HB 55)

**Sponsors:** Sen. Rodriguez/Rep. Garcia

**Summary:**

The bill provides that the current prohibition against the removal, cutting, marring, defacing or destruction of trees or other vegetation within the rights-of-way of roads of the state highway system does not apply if the Department of Transportation (DOT) suspends the prohibition due to a declared state of emergency. It requires DOT to adopt guidelines related to the removal process for debris from an emergency that is subject to an emergency declaration such as a hurricane or tropical storm.

**Committee Assignments:**

SB 108: Sent to House (In messages)

HB 55: Transportation & Modals; Constitutional Rights, Rule of Law & Government Operations; Infrastructure Strategies

**ACTION RECOMMENDED: SUPPORT**

**ACTION ITEM: SENATE PASSED**

**Energy Equity Task Force**

(SB 680 / HB 293)

**Sponsors:** Sen. Davis / Rep. Hinson

**Summary:**

This bill would create the Energy Equity Task Force who would provide recommendations to Florida Department of Agriculture and Consumer Services for fostering a fair and equitable transition of the state's energy infrastructure to renewable technologies within minority, underserved, rural and low-income communities. The task force would consist of a minimum of 11 members reflecting ethnic and gender diversity of the state. The Commissioner of Agriculture will appoint: 1) four representatives from minority, underserved, rural or low-income communities from different regions of the state; 2) at least one environmental justice expert; 3) at least one representative from the electrical workers profession; 4) at least two energy industry liaisons representing utility and solar energy interests; 5) at least one representative from a statewide environmentally focused group; 6) one appointed by the President of the Senate and one Speaker of the House. The task force must recommend policies for the equitable siting of energy infrastructure throughout the state including siting of utility-scale and industrial solar

arrays. In addition, the taskforce must examine strategies to assist minority underserved, rural and low-income communities in transitioning to energy efficiency programs. The task force would be required to present a report to the Governor, Commissioner of Agriculture, the President of the Senate, and the Speaker of the House by September 30, 2024.

**Committee Assignments:**

SB 680: Regulated Industries; Agriculture, Environment & General Government Appropriations; Fiscal Policy

HB 293: Energy, Communications & Cyber Security; Agriculture & Natural Resources Appropriations; Commerce

**ACTION RECOMMENDED: NEUTRAL (Bill is dead)**

## **Renewable Energy Cost Recovery**

(CS/CS SB 1162 / CS/HB 821)

**Sponsors:**

Sen. DiCeglie / Rep. Yeager

**Summary:**

The bill authorizes an IOU to recover in rates prudently incurred renewable natural gas and hydrogen fuel infrastructure project costs through the proper PSC cost-recovery procedure.

**Committee Assignments:**

SB 1162: Rules

HB 821: Commerce

**ACTION RECOMMENDED: NEUTRAL**

## **Government and Corporate Activism**

(CS/SB 302 / CS/CS HB 3)

**Sponsors:** Sen. Grall / Rep. Rommel

**Summary:**

The bill eliminates environmental, social and governance factors in state investments and prohibits banks from using “unsafe and unsound practices” to deny services based on an individual’s political, religious, or business sector opinions. It prevents the financial institutions from considering “social credit scores” in determining an individual’s ability to obtain loans, lines of credit, and bank accounts.

**Committee Assignments:**

SB 302: Ready for the floor

HB 3: Sent to Senate (in messages)

**ACTION RECOMMENDED: NEUTRAL**

**ACTION ITEM: SENATE FISCAL POLICY – PASSED 4/13**

**ACTION ITEM: HOUSE - PASSED**

## **State Renewable Energy Goals**

(SB 970 / HB 957)

**Sponsors:** Sen. Berman / Rep. Eskamani

**Summary:**

The bill modifies the definition of “renewable energy” to exclude energy produced using high quality synthetic gas produced from waste petroleum coke with CO2 capture and sequestration. In addition, the

bill would prohibit the drilling or exploration of, or production or transportation of, oil, gas, or other petroleum products on the land and waters of the state. The Office of Energy would be directed to develop a plan to have 100% of the state's energy generated from renewable resources by 2050. The bill would create the Renewable Energy Workforce Development Advisory Committee consisting of 13 members appointed by the Commissioner of Agriculture. The committee would make recommendations to promote employment growth and access to jobs in the energy efficiency and renewable energy industry. A report of the committee's findings would be presented to the President of the Senate and the Speaker of the House by January 1, 2024 and each January 1 thereafter.

**Committee Assignments:**

SB 970: Environment & Natural Resources; Agriculture, Environment & General Government; Fiscal Policy

HB 957: Energy, Security & Cyber Security; Agriculture & Natural Resources Appropriations; Commerce

**ACTION RECOMMENDED: NEUTRAL (Bill is dead)**

## **New Nuclear Energy**

(SM\_\_ / HM 1137)

**Sponsors:** Sen. \_\_ / Rep. Overdorf

**Summary:**

The memorial urges the President and Congress of the United States to take action to adjust regulatory policy as necessary to allow states the ability to conduct feasibility studies on reclamation and repurposing of spent nuclear fuel for new nuclear energy generation.

**Committee assignments:**

SM\_\_:

HM 1137: Ready for the floor

**ACTION RECOMMENDED: SUPPORT**

**ACTION ITEM: HOUSE COMMERCE – PASSED 4/11**

## **Municipal Electric Utilities / Municipal Utilities**

(SB 1380 / CS/HB 1331)

**Sponsors:** Sen. Martin / Rep. Busatta Cabrera

**Summary:**

The Senate bill provides that a municipal electric utility, supplying electricity to any retail customer outside its corporate boundaries, will meet the definition of a "Public Utility" as defined in 366.02. It further states, a municipal electric utility meeting these criteria will be regulated under this chapter for a minimum of 5 years. The PSC is directed to adopt rules to implement.

The House bill places limits on the portion of municipal utility revenues that may be used to fund or finance a municipality's non-utility related general government functions. In doing so, the bill limits the rate of transfer for municipal electric, natural gas, and water or wastewater utilities. Under the bill, the greater the proportion of customers outside of the city boundaries that a municipal utility serves, the lower the cap is on transfers. However, if a municipal utility is governed by a utility authority board that provides for representation of retail customers located outside the municipal boundaries approximately proportionate to the percentage of such customers, then transfers of revenue are not subject to a reduced cap.

**Committee Assignments:**

SB 1380: Regulated Industries; Agriculture, Environment & General Government Appropriations; Fiscal Policy

HB 1331: Commerce

**ACTION RECOMMENDED: NEUTRAL**

## **Electric Vehicle Infrastructure**

(SB 1176 / HB 1591)

**Sponsors:** Sen. Simon / Rep. Maggard

### **Summary:**

The bill requires the Public Service Commission (PSC) to adopt rules for electric vehicle charging stations to facilitate the widespread deployment of electric vehicle charging infrastructure. The rules must ensure consumer choice and competition, provide for reasonable and affordable cost-based electric rates for public utility rate payers, and be competitively neutral and apply to public utilities offering electric vehicle charging station services to the public. It provides the PSC shall propose rules by January 1, 2024, with final adoption required by January 1, 2025.

### **Committee Assignments:**

**SB 1176:** Regulated Industries; Transportation; Rules

**HB 1591:** Energy, Communications & Cybersecurity; State Administration & Technology Appropriations; Commerce

**ACTION RECOMMENDED: NEUTRAL (Bill is dead)**

**TRACKING**

## **United States – Produced Iron and Steel in Public Works Projects**

(SB/CS 304 / HB 1239)

**Sponsors:** Sen. Boyd / Rep. Griffiths

### **Summary:**

This bill provides that a governmental entity entering into a contract for a public works project or for the purchase of materials for a public works project must include in such contract a requirement that any iron or steel product used in or purchased for the project must be produced in the United States. Exemptions from this requirement include: 1) sufficient quantities or satisfactory quality of the iron or steel products needed are not produced in the United States; 2) the cost to use products produced in the U.S. would increase the total cost of the project by more than 20 percent; and 3) compliance is inconsistent with public interest.

### **Committee Assignments:**

SB 304: Fiscal Policy

HB 1239: Local Administration, Federal Affairs & Special Districts; State Administration & Technology Appropriations; State Affairs

**ACTION RECOMMENDED: NEUTRAL**

## **Requiring Broader Public Support for Constitutional Amendments or Revisions**

(SJR 1410 / HJR/CS 129)

**Sponsors:** Sen. Gruters / Rep. Roth

### **Summary:**

This joint resolution would propose a constitutional amendment to increase the percentage of elector votes required to approve an amendment to the State Constitution from 60 percent to 66.67 percent. The repeal of an amendment or revision need only be approved by the same percentage elector votes as required at the time of passage of amendment or revision.

**Committee Assignments:**

SJR 1410: Ethics & Elections; Judiciary; Rules

HJR 129: State Affairs

**ACTION RECOMMENDED: NEUTRAL**

## **Energy**

(CS/CS SB 284 / CS/CS HB 1025)

**Sponsors:** Sen. Brodeur/Rep. Caruso

**Summary:**

The bill revises the selection criteria for purchasing or leasing vehicles for a state agency, universities, community colleges, and local governments under the state purchasing plan. It removes the provision requiring the use and procurement of ethanol and biodiesel blended fuels and requires the Department of Management Services, before July 1, 2024, to make recommendations to all state agencies, universities, community colleges, and local governments regarding the procurement of electric and natural gas fuel vehicles and best practices for integrating these vehicles into existing fleets.

**Committee Assignments:**

SB 284: Sent to House (in messages)

HB 1025: Ready for the floor

**ACTION RECOMMENDED: NEUTRAL**

**ACTION ITEM: SENATE – PASSED 4/11**

**ACTION ITEM: HOUSE COMMERCE – PASSED 4/12**

## **Florida Hometown Hero Housing Program**

(SB 772 / HB 771)

**Sponsors:** Sen. Davis / Rep. Nixon

**Summary:**

The bill creates a housing program, to be administered by the Florida Housing Finance Corporation, authorizing the corporation to underwrite and make loans to frontline emergency workers, certain medical and health personnel, and educators to purchase a primary residence home. A purchaser may reduce the amount of the down payment and closing cost they pay by a maximum of 5% of the first mortgage loan or \$25,000, whichever is less. The loans must be available at a 0% interest rate. This is available to persons or families with incomes not exceeding 150% of the state or local medium income, whichever is greater. Eligible borrowers would include electric lineman, or an employee of a public utility or an electric utility whose primary job responsibilities are to install and/or maintain systems for the utility as well as other emergency workers.

**Committee Assignments:**

SB 772: Community Affairs; Transportation, Tourism, Economic Development Appropriations; Appropriations

HB 771: Local Administration, Federal Affairs & Special Districts; Infrastructure & Tourism Appropriations; State Affairs (**Withdrawn prior to introduction**)

**ACTION RECOMMENDED: NEUTRAL (Bill is dead)**

## **Carbon Sequestration**

(SB\_\_ / CS/HB 1149)

**Sponsors:** Sen.\_\_ / Rep. Massullo

### **Summary:**

The bill directs the Department of Agriculture and Consumer Services to conduct a study on carbon sequestration activities and programs. The study must include a comprehensive list of existing state agency carbon sequestration activities and programs available to agriculture producers in the state; recommendations for a state level exchange program to assist agriculture producers in participating in carbon sequestration activities; and legislative recommendations for the creation of a carbon sequestration program. It requires the Department to submit a report on the results of the study to the Senate President and Speaker of the House by October 1, 2023.

### **Committee Assignments:**

SB\_\_:

HB 1149: Agriculture & Natural Resources Appropriations; Infrastructure Strategies

**ACTION RECOMMENDED: NEUTRAL (Bill is dead)**

## **Drones**

(CS/CS/CS SB 1068 / CS/CS/CS HB 1071)

**Sponsors:** Sen. Collins / Rep. Duggan

### **Summary:**

The bill defines “drone delivery service” as a person engaged in a business or profession of delivering goods via drone. It further defines a “drone port” as any area of nonresidential land or water used, or intended for use, for the landing and takeoff of drones. The bill provides that a political subdivision may not withhold issuance of a business tax receipt or enact or enforce an ordinance that prohibits a drone delivery service’s operation based on the location of the service’s port.

### **Committee Assignments:**

SB 1068: Sent to House (in messages)

HB 1071: Ready for the floor

**ACTION RECOMMENDED: NEUTRAL**

**ACTION ITEM: SENATE – PASSED 4/12**

**ACTION ITEM: HOUSE INFRASTRUCTURE STRATEGIES - PASSED 4/10**

## **Unmanned Aircraft Systems Act**

(CS/CS SB 908 / CS/CS HB 645)

**Sponsors:** Sen. Rodriguez / Rep. Brackett

### **Summary:**

The bill deletes a provision requiring a person or government entity, seeking to restrict or limit the use of drones in close proximity to owned infrastructure or facilities, from having to apply to the Federal Aviation Administration for the designation.

### **Committee Assignments:**

SB 908: Rules

HB 645: Ready for the floor

**ACTION RECOMMENDED: NEUTRAL**

## **Drones**

(SB 1514 / HB 1455)

**Sponsors:** Sen. Wright / Rep. Altman

### **Summary:**

The bill requires government agencies that use drones not produced by approved by manufactures to submit a plan to DMS by August 1, 2023, for discontinuing use by July 1, 2026. It provides that all government agencies that do not submit a plan by August 1, 2023 shall discontinue use as of this date.

### **Committee Assignments:**

SB 1514: Government Oversight & Accountability; Community Affairs; Rules

HB 1455: Constitutional Rights, Rule of Law & Government Operations; State Affairs

**ACTION RECOMMENDED: NEUTRAL (Bill is dead)**
