ACRE supports co-ops nationwide

The Action Committee for Rural Electrification (ACRE) is a grassroots PAC that supports and advocates for co-ops nationwide.

Co-ops just like CHELCO have ACRE's support to help implement state and federal policies that benefit cooperatives and their members. ACRE's contributions to candidates are backed by thousands of cooperative members around the country.

For more information, and to learn how you can get involved to make sure CHELCO is fairly represented in office, visit electric.coop/pac or scan the QR code below.
