

Enviro.BLR.com®

is the complete compliance management information system for environmental and safety professionals providing everything you need to get the job done.

Adjust your processes to meet new federal and state environmental laws and regulations. Create a custom Environmental Compliance Plan. Train your staff to avoid disasters and prevent fines. Find MSDS and SDS sheets. Each of these tasks—the kind environmental professionals face daily—could take hours. Or minutes, if you're using **Enviro.BLR.com®**.

Enviro.BLR.com® provides environmental professionals with a unique and comprehensive source for managing regulatory compliance needs. This resource puts practical tools and information at your fingertips on topics such as RCRA hazardous waste disposal, CAA air emissions permits, and CWA stormwater requirements. With instant 24/7 access, your expensive calls to lawyers and consultants, and the risk of costly mistakes from "not knowing," are a thing of the past.

Choose **Enviro.BLR.com®**, and you'll have the most comprehensive set of state-specific environmental compliance, training, and management information—tailored specifically to your needs.

Benefits

Work Smarter

- **Access MSDSs and SDSs wherever and whenever**
Enviro.BLR's online library of over 3.5 million MSDSs and SDSs is always available, ready for you to download just the documentation you need.

Enviro.BLR.com® is...

Comprehensive

From the latest EPA regs implementation to new ways of overcoming compliance challenges to research results and testing methodologies, **Enviro.BLR.com®** delivers the goods. Leveraging our 40-year track record of meeting the information needs of the regulated community, it's your single source for the ideas, data, advice, and news you need every day.

When you make **Enviro.BLR.com®** the cornerstone of your compliance management strategy, you gain instant access to the tools and resources you need to create and maintain safe

practices, avoid EPA and state violations, design systems and processes that meet stringent requirements, and answer the toughest questions from other leaders at your organization.

Cost-Effective

Finding all the compliance information you need in one service eliminates redundancies and overlap, and provides an enterprise-wide solution under a single, surprisingly modest budget line item.

Compliant

Our staff experts dig deep into EPA and state regulations, board hearings, court cases, and agency rulings to make sure you get authoritative, sound, and actionable guidance. They know what your team members need to know.

On-Demand

Whenever and wherever you need answers, **Enviro.BLR.com®** is there. As a part of your daily workflow—on your desktop, tablet, laptop, or handheld device—it provides just what you need, be it a form, policy pointer, legal explanation, news item, new regulation, court decision, white paper, or other tool.

Supported

Got a question? As an **Enviro.BLR.com®** member, you aren't on your own. Your dedicated BLR representative is just a call or e-mail away, ready to connect you with our in-house team of experts located in Connecticut and Tennessee.

Flexible

As your staff grows, so can your **Enviro.BLR.com®** access. Add users across the hall or across the country with a quick and easy toll-free call to your dedicated BLR representative.

Guaranteed

If you aren't pleased with **Enviro.BLR.com®**, you're entitled to a complete refund. That's a promise we've honored for all of our products and services for almost 40 years.
