SUBJECT: AUTHORIZATION FOR EMERGENCY RESPONSE VEHICLES TO BYPASS WEIGH STATION FACILITIES IN RESPONSE TO TROPICAL STORM ELSA

Effective immediately, emergency response vehicles such as, but not limited to, utility vehicles, bucket trucks, and supply trucks responding to Tropical Storm Elsa are given authorization to bypass all FDOT weigh station facilities thru August 2, 2021. This authorization does not include vehicles that require permits to operate on Florida's roadways. This authorization does not relieve size and weight restrictions.

This effort has been coordinated with personnel with the Florida Highway Patrol and the Department of Agriculture to expedite emergency response.
