Storm Recovery Specialists

Power in Numbers

United Storm Alliance has developed an industry-leading Emergency Resource Deployment Program. We have pooled the resources of elite independent contractors and suppliers to respond to natural disasters with a single point of contact.

Fast Pre-qualified

You can rely upon United Storm Alliance to save you time and provide assistance to support your efforts to restore hope to your customers when disaster strikes. We are the go-to problem solver. When your customers are facing a natural disaster, USA is a single point of contact for a packaged solution. United Storm Alliance can mobilize member/contractors to the affected area to commence an immediate recovery effort. Because of our streamlined program documentation required of our clients is sent immediately via digital file. We are the single source for providing all required documentation for our partner/contractors.

Manpower/Equipment/Support Service

Our streamlined program consists of highly trained experienced line building, line clearance, asset protection, logistical support and other ancillary contractors to get customers back on line quickly.

Mission Statement

To provide a packaged solution for disaster recovery by connecting utility companies with professional qualified contractors with a single point of contact

To our Contractor partners:

Provide the avenue to join with other elite contractors on disaster recovery efforts

To our Utility partners:

Provide a prepackaged solution for disaster recovery.

Save precious time and resources to help restore services.

Standardization of all invoicing and pricing

SAFETY IS *NO* ACCIDENT!
