Ladies & Gentlemen:

The undersigned is counsel to the Virginia, Maryland & Delaware Association of Electric Cooperatives (the "Association"). The Association is coordinating emergency response operations among its Members in anticipation of Hurricane Florence. As part of the Association's emergency response efforts, it has requested, or may request, mutual aid assistance from cooperatives in other states. You or your Cooperative(s) may provide this assistance pursuant to the terms and conditions of existing mutual aid agreements between you, your statewide association's Member Systems, the Association, and/or the Association's Member Cooperatives.

This letter will certify that the Governor of Virginia has declared a State of Emergency and that the Commissioner of the Virginia Department of Transportation has issued certain transportation regulatory waivers for emergency response operations, the undersigned having personal knowledge of the same. A copy of these documents is attached. You may rely on this representation in the course of rendering mutual aid assistance to the Association's Member Cooperatives. Specifically, the Virginia Department of Transportation and Department of Motor Vehicles are waiving certain statutory and regulatory requirements for vehicles engaged in utility operations, including: registration, licensing, width and weight limits, and hours of service, subject to certain customary restrictions as further described in the attachment(s).

You may carry this letter with you as you transit the state line should you encounter any difficulties. Although the Virginia State Police are aware of the waivers, if you do encounter any difficulty, please telephone my office immediately. My mobile phone is (804) 380-2870 and is available to you 24x7x365. This letter shall not amend or supplement any existing mutual aid agreements. Finally, please allow us to express our continued gratitude to all of you for the mutual aid provided to Virginia's electric cooperatives.

Very truly yours,

Executive Order

NUMBER SEVENTEEN (2018)

DECLARATION OF A STATE OF EMERGENCY FOR THE COMMONWEALTH OF VIRGINIA DUE TO POTENTIAL IMPACTS FROM HURRICANE FLORENCE

Importance of the Issue

On September 8, 2018, I declared that a state of emergency exists in the Commonwealth of Virginia based on the need to prepare and coordinate our response for potential impacts from Hurricane Florence. National Weather Service forecasts indicate Hurricane Florence could produce damaging winds, periods of heavy rainfall, power outages, and flooding in the Commonwealth. These conditions have the potential to impact life safety and create significant transportation issues throughout Virginia.

State action is required to protect the health and general welfare of Virginia residents. The anticipated effects of this situation constitute a disaster wherein human life and public and private property are, or are likely to be, imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby proclaim a state of emergency exists. Accordingly, I direct state and local governments to render appropriate assistance to prepare for the impacts of Hurricane Florence, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the *Code of Virginia*, I order the following:

- A. Implementation of the Commonwealth of Virginia Emergency Operations Plan (COVEOP), as amended, by state agencies along with other appropriate state plans.

- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.
- C. Activation of the Virginia National Guard and the Virginia Defense Force to state active duty to assist in providing such aid. This shall include Virginia National Guard assistance to the Virginia Department of State Police to direct traffic, prevent looting, and perform such other law enforcement functions as the Superintendent of State Police (in consultation with the State Coordinator of Emergency Management, the Adjutant General, and the Secretary of Public Safety and Homeland Security) may find necessary. Pursuant to § 52-6 of the *Code of Virginia*, I authorize the Superintendent of the Department of State Police to appoint any and all such Virginia Army and Air National Guard personnel called to state active duty as additional police officers as deemed necessary. These police officers shall have the same powers and perform the same duties as the Virginia State Police officers appointed by the Superintendent. Any bonds and/or insurance required by § 52-7 of the *Code of Virginia* shall be provided for them at the expense of the Commonwealth. In all instances, members of the Virginia National Guard and Virginia Defense Force shall remain subject to military command as prescribed by § 44-78.1 of the *Code of Virginia* and are not subject to the civilian authorities of county or municipal governments.
- D. Evacuation of areas threatened or stricken by effects of this event, as appropriate. Pursuant to § 44-146.17(1) of the *Code of Virginia*, I reserve the right to direct and compel the evacuation of all or part of the populace therein from such areas upon a determination by the State Coordinator of Emergency Management. I reserve the right to control the ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein based upon a determination made by the State Coordinator of Emergency Management. Violations of any order to citizens to evacuate shall constitute a violation of this Executive Order and are punishable as a Class 1 misdemeanor.
- E. Activation, implementation, and coordination of appropriate mutual aid agreements and compacts, including the Emergency Management Assistance Compact (EMAC), and the authorization of the State Coordinator of Emergency Management to enter into any other supplemental agreements, pursuant to §§ 44-146.17(5) and 44-146.28:1 of the *Code of Virginia*. The State Coordinator of Emergency Management is hereby designated as Virginia's authorized representative within the meaning of the Emergency Management Assistance Compact, § 44-146.28:1 of the *Code of Virginia*.
- F. This Emergency Declaration implements limited relief from the provisions of 49 CFR §§ 390.23 and 395.3 for the purpose of providing direct relief or assistance as a result of this disaster. Authorization of the Virginia Departments of State Police, Transportation, and Motor Vehicles to grant temporary overweight, over width, registration, license, or hours of service exemptions to all carriers transporting essential emergency relief supplies to, through, and from any area of the Commonwealth. This Emergency Declaration is also intended to satisfy the federal commercial motor vehicle requirements of 49 CFR §

390.23, which provide any motor carrier or driver operating a commercial motor vehicle emergency relief from Parts 390-399 of the Federal Motor Carrier Safety Regulations (Title 49, CFR). The exemption shall not exceed the duration of the motor carrier's or driver's direct assistance in providing emergency relief, or 30 days from the initial declaration of emergency, whichever is less.

- G. Implementation and discontinuance of the transportation-related provisions authorized above shall be disseminated by the publication of administrative notice to all affected and interested parties. I hereby delegate to the Secretary of Public Safety and Homeland Security, after consultation with other affected Cabinet Secretaries, the authority to implement and disseminate this Order as set forth in § 2.2-104 of the *Code of Virginia*.
- H. Authorization of the Commissioner of Agriculture and Consumer Services to grant a temporary waiver of the maximum vapor pressure prescribed in regulation 2 VAC 5-425 *et seq.*, and to prescribe a vapor pressure limit the Commissioner deems reasonable. The temporary waiver shall remain in effect until emergency relief is no longer necessary, as determined by the Commissioner of Agriculture and Consumer Services.
- I. Provision of appropriate assistance, including temporary assignments of non-essential state employees to the Adjunct Emergency Workforce, be rendered by state agencies to respond to this situation.
- J. Authorization of appropriate oversight boards, commissions, and agencies to waive and/or ease building code restrictions, permitting requirements, and to allow for emergency demolition, hazardous waste disposal, debris removal, emergency landfill siting, and other operations and activities necessary to address immediate health and safety needs without regard to time-consuming procedures or formalities and without regard to application or permit fees or royalties. All appropriate executive branch agencies are to exercise discretion to the extent allowed by law to address any pending deadlines or expirations affected by or attributable to this emergency event.
- K. Authorization of the Marine Resources Commissioner to act on behalf of the Commission in issuing permits pursuant to Chapter 12 of Title 28.2 of the *Code of Virginia* when, in the judgment of the Commissioner, it is necessary to address immediate health and safety needs and the Commissioner would be unable to convene a meeting of the full Commission in a timely manner. In an effort to address the impacts attributable to Hurricane Florence on the health, safety, and general welfare of the residents of the Commonwealth, and in an attempt to expedite the return of impacted areas and structures to pre-event conditions insofar as possible, no permits for encroachments on state-owned submerged lands, tidal wetlands and coastal primary sand dunes or beaches shall be required to replace previously permitted structures in the same location and in identical or smaller dimensions as the previously permitted structure, and for beach nourishment activities along public beaches, provided any structure replacement or beach nourishment is initiated prior to the expiration of this Executive Order. No person may proceed with replacement of a previously permitted structure or beach nourishment activity under the provisions of this Executive Order without written approval from the Commissioner of the Virginia Marine Resources Commission.

- L. Authorization for the heads of executive branch agencies to act, when appropriate, on behalf of their regulatory boards to waive any state requirement or regulation where the federal government has waived the corresponding federal or state regulation based on the impact of events related to this situation.

- Q. Implementation by public agencies under my supervision and control of their emergency assignments as directed in the COVEOP without regard to normal procedures pertaining to performance of public work, entering into contracts, incurring of obligations or other logistical and support measures of the Emergency Services and Disaster Laws, as provided in § 44-146.28(b) of the *Code of Virginia*. Section 44-146.24 of the *Code of Virginia* also applies to the disaster activities of state agencies.

In order to prepare for, respond to, and recover from Hurricane Florence, and to assist other parts of the United States, the Governor has declared a State of Emergency to exist for the Commonwealth of Virginia and is seeking relief for all carriers transporting essential emergency relief supplies, livestock or poultry, feed or other critical supplies for livestock or poultry, heating oil, motor fuels, and propane, or providing restoration of utilities (electricity, gas, telecommunications, water, and wastewater) in and through areas of the Commonwealth in order to support disaster response and recovery.
